Standard Oil Coin in Pittsburgh.

Smoky City People Confronting Cohorts of Mammon in Mayoralty Campaign.

Senator Magee's Chances Not So Good Since Gigantic Interests Oppose Him.

Frick and the Pennsylvania Railroad Have a Payroll in Every Ward.

[BY DIRECT WIRE TO THE TIMES.]

PITTSBURGH, Jan. 10.—[Exclusive Dispatch.]

Simultaneously,

almost, with Gov. Pennypacker's

supplemental call for a special legis-

lative session, to consider among other

things the prevention of the corrupt

use of money in elections, Standard

Oil money began to flow into Pitts-

burgh, today, to defeat State Senator

W. A. Magee, the reform candidate for

Mayor of Pittsburgh. Magee's op-

ponent is A. M. Jenkinson, a million-

aire tobacco manufacturer. He is the

choice of the Republican "machine,"

a part and parcel of the same organi-

zation routed by the Weaver forces

in Philadelphia. Magee is a son of the

late "Chris" Magee, Pittsburgh's

famous political boss. He has ap-

peared in his case directly to the people.

Up to last night, there was arrayed

against Magee and behind Jenkinson,

the gigantic financial, political and

corporate interests represented by H.

C. Frick, the Pennsylvania Railroad

and the State Republican organization,

will powerful, though defeated in Phil-

adelphia. But, as if this were not

enough, there came into the game to-

day, brought hither by the influence

of Frick, \$100,000 of Standard Oil

money as a contribution to the "ma-

chine" campaign fund.

Instantly it was put into use to

swell the large pay roll which the

Frick-Pennsylvania Railroad combi-

nation is maintaining in every ward. Its

result was seen in the almost imme-

diate defection of several of the most

powerful Magee workers and this af-

ternoon it was promised that hundreds

of thousands of dollars more of "oil"

are at the command of the anti-re-

form forces, if it is needed.

The bold, unvarnished purpose of

the Frick-Pennsylvania Standard Oil

interests is alleged to be to buy up

every purchasable voter in Pittsburgh

away from Magee, and for the "or-

ganization." Not a shadow of an at-

tempt is made at concealment. The

fight of Magee, single-handed, and al-

most without a dollar, against these

odds, is the most sensational spectacle

witnessed in Pennsylvania since the

recent upheaval in Philadelphia. Ma-

gee's cause looks utterly hopeless now,

but remembering the great odds in

Philadelphia, the reformers here be-

lieve it possible that the same trick

turned by the Quaker City people may

yet be duplicated by the independent

voters of the Smoky City.

IRRIGATIONISTS ORGANIZE.

Representatives from Several States Meet and Form Federation—Los Angeles Men Among Officers.

[BY THE ASSOCIATED PRESS—P.M.]

OMAHA, Jan. 10.—The American

Irrigators' Federation is the name

chosen for an organization formed by

representatives of the Irrigation States

who met in Omaha today.

Among the objects of the federation

set forth in an official statement are:

To harmonize conflicting interests,

promote essential legislation, circulate

instructive literature, aid in settle-

ment of reclaimed areas, criticize

officials or others for acts of injustice

and to aid in the adjustment of freight

rates to and from the reclaimed areas.

The following officers were elected,

to serve until the first annual meet-

ing, which will be held at Boise, Idaho,

the date to be named by the Executive

Committee, to correspond with dates

selected for the National Irrigation

Congress: President, Ex-Gov. L. Brad-

ford Prince, New Mexico; Secretary,

D. H. Anderson, Chicago. An execu-

tive committee, among whose mem-

bers is C. M. Heinze, Los Angeles, was

elected. Vice-presidents include

M. H. Heber of Los Angeles and C. D.

Ropey, Florence, Ariz.

PAINFUL BREACH.

Russo-German Relations Strained.

Czar's Military Attache at Berlin Sent Home on an Enforced Furlough.

Col. Schebeko Charged With Collusion With France in Spying Operations.

Accused Officer Confronted by Kaiser With Proofs of His Guilt.

[BY DIRECT WIRE TO THE TIMES.]

BERLIN, Jan. 10.—[Exclusive

Dispatch.] Russo-German rela-

tions have suffered a painful

breach as a result of the discovery

that the Czar's military attache in

Berlin, Col. Schebeko, for a long time

has been engaged in spying operations

in collusion with the military attache

of France, Col. Schebeko was for-

merly connected with the Russian em-

bassy in Washington and doubtless is

well remembered in military and di-

plomatic circles there.

Count Schlieffen, late chief of the

German General Staff, laid the proofs

of the Russian attache's guilt before

the Kaiser in the closing days of

December. Emperor William con-

fronted the accused officer with the

documents and suggested that an in-

ternational military scandal could be

avoided only by the colonel's asking

for his immediate recall. This Col.

Schebeko did and now has left Berlin

on a "furlough."

The incident is highly sensational,

not only because Col. Schebeko's ac-

tivities were employed at a time when

Germany was in danger of war with

France, and possibly also with the

public's ally, but because he was at-

tached to the personal suite of the

Kaiser in the same manner that the

German military attache at St. Peters-

burg is attached to the entourage of

the Czar. Col. Schebeko's specific

charge is said to have consisted in re-

vealing certain plans for raiding

French and Russian territory in time

of war by "officers' patrols" which

were to ride far into the interior un-

der cover of night and destroy the

communications in the rear of the

enemy's armies.

Col. Schebeko was well liked by the

Kaiser, but it seems the General Staff

long ago suspected him of excessive

zeal in the performance of his duties.

It is realized in Berlin that to spy is

the business of every foreign military

attache, and German attaches abroad

have instructions of the same kind,

but they are told that their activity

must be of discreet and honorable

nature. Col. Vondergole, the German

military attache in Austria, was re-

called in 1880 for spying, only a few

months after the foundation of the

Triple Alliance.

KEEP LIST OF LAND OWNERS.

Russian Revolutionists Will Confiscate Estates.

Finnish Frontier Watched for Arms Coming in.

Rebels in Caucasus Seize and are Using Railroads.

(BY THE ASSOCIATED PRESS-P.M.)

REVAL (Estonia) Jan. 10.—A tailor named Schultz, who had been elected President of the Estonian Republic, has been captured and executed by the soldiers.

OPATOFF (Russian Poland) Jan. 10.—Troops fired upon and charged crowds here for over an hour yesterday. Many persons were killed or wounded.

ST. PETERSBURG, Jan. 10.—It is rumored that the revolutionists are keeping a list of land owners who have fled or are fleeing abroad, with the intention, if the revolution is successful, of confiscating the estates of those who have fled.

The news from Trans-Caucasia is that a complete revolution prevails in Mingrelia and Georgia. The Viceroy is withdrawing all troops obtainable north of Vladikavkaz for service in the revolutionary territory.

An additional guard of 500 men has been stationed on the Finnish frontier to prevent the importation of arms into Russia. Premier Yermolov has ordered the railway station at St. Petersburg to be closed to the revolutionists. The station finally was closed with the loss of 300 men.

The Russian press prints a telegram from Alexander, Grand Duke of Russia, saying that the railroad station at Sebastopol, which was in the hands of the revolutionists, has been the scene of a desperate fighting between them and the Cossacks. The station finally was cleared with the loss of 300 men.

Capt. Von Tscherning, Russian Viceroy of the Caucasus, in a telegram to the Emperor, dated January 7, says: "Owing to interruption of communication and operations of the revolutionists, the movement of the latter is on the increase. The revolutionaries have seized the railroad, which they are using for their own purposes. They are organizing general strikes and are endeavoring to influence emotions of false reports. The district of Tiflis has been declared in a state of siege. At many of the railroad points, bombs have been discovered. Several stations have been arrested. Tatars and Armenians are in conflict in Baku, Erivan, Daghestan and Kars."

KILLED TO LAST MAN.

(BY THE ASSOCIATED PRESS-P.M.)

MITAU (Courland) Jan. 10.—A squadron of dragons which was ambushed near Haaspoel, losing two men killed and four wounded, received reinforcements later and surrounded the revolutionists. No quarter was given, and the revolutionists, numbering 30 in all, were killed to the last man.

A band of 500 revolutionists made a daring raid on Livonoff, with the object of obtaining medicines and bandages for the revolutionists in the field. They carried off two Jewish merchants and held them for a heavy ransom, which was paid.

Fugitives who have arrived here from the interior recount remarkable stories of civil dissension in the towns and villages they control. They have organized committees on which one woman always serves as secretary. The whip and the sword have been revived and for certain classes of crime a death sentence is pronounced. The spirit shops are closed and the doctrine of the damnation of souls is repudiated. Only civil marriages are legal.

FRANKS CHARGE WITH CLUBS.

(BY THE ASSOCIATED PRESS-P.M.)

LEPEL (Russia) Jan. 10.—Four persons were killed and several wounded in a frenzied attack today by a band of Lithuanian peasants on a detachment of infantry sent to restore order in this section of Lithuania. The peasants, who were armed with clubs, but who were held by their leaders to be inviolable, charged up to the windows of the rifles. They were not checked by a volley into the air and halted only when a deadly salvo was fired at close range.

ASSASSIN BURNED ALIVE.

(BY THE ASSOCIATED PRESS-P.M.)

TIFLIS (Caucasia) Jan. 10.—The plundering of this city continues. Last night bombs were thrown at a military patrol, whereupon the house from which the bombs were hurled and the adjoining building were set on fire with artillery, with the result that many persons were killed or wounded.

Some in which an Armenian who had attempted to assassinate an officer had sought refuge was set on fire and the man was burned alive.

MURDER OF TRANSPORT.

(BY THE ASSOCIATED PRESS-P.M.)

LONDON, Jan. 10.—The correspondence of the Standard at Copenhagen reports a mutiny on the Russian transport ship Krasa Gortchakoff, laid up at Elsinore. The mutineers were disarmed by Chief Engineer Paul and tried to kill him. Paul and two Danish friends, one of whom was wounded by the mutineers, were obliged to escape themselves in a steamboat until midnight, when they were captured. Police now hold the vessel.

TROOPS TAKE HEADQUARTERS.

(BY THE ASSOCIATED PRESS-P.M.)

WARSAW (Poland) Jan. 10.—The troops have captured the can works at Austriavka, government of Radom, which had been occupied by the revolutionists as their headquarters. Many of the revolutionists were killed or wounded during the fight. The rest fled.

AGAIN BREAKS INTO JAIL.

(BY THE ASSOCIATED PRESS-P.M.)

Darling, Alleged Chicago Attorney, Who Has Been Arrested Before, Locked up for Creating Disturbance.

C. B. Darling, a self-styled former Chicago attorney who has been arrested several times within the past few days, was locked up in the City Jail again last night.

Darling's latest stunt was to pay a visit last night to Mrs. L. E. Ely, No. 40 West Eleventh street, the proprietress of the rooming-house where he formerly resided, which he is said to have threatened to destroy by fire a few days ago. Darling had been warned by the police to remain away from the house. Last night he threatened to break down the front door and he was denied admittance. The police were called in and Darling was sent to the Police Station.

Nine Lives Lost in the West Hotel, Minneapolis.

The Frantic Flight of Seven Hundred Guests.

Many Carried Down Ladders, Leaps to Death.

(BY THE ASSOCIATED PRESS-P.M.)

MINNEAPOLIS (Minn.) Jan. 10.—Eight persons lost their lives in a fire that burned out the fifth, sixth and seventh stories of the West Hotel in this city, this morning. The blaze started in an unknown manner in the packing-room on the first floor. Ascending the elevator shaft, it spread until it reached the fifth floor.

Awakened by the ringing of the alarm bells in their rooms, the guests, who numbered in all about seven hundred, rushed wildly about, seeking safety. Those in the upper floors were driven back into their rooms by the smoke which filled the hallways, and when the flames arrived they were arrested by cries for assistance from scores of men and women, who, scantily clad, were sleeping on the window ledges. Smoke was pouring out around them and soon two men were compelled to leap to avoid the flames. Both were killed. One of them was a identified as J. E. Peisinger, a traveling salesman from New York.

Mrs. M. E. Hodges, a guest, sought a way of escape, but having opened the wrong window on the seventh floor, she was driven to leap out of the ledge. She was fatally injured.

J. E. Wolfe, 50 years old, traveling representative for a New York house, was a horrible death. He was burned in his room, and the condition of the furniture indicated that he had fought his way out of the room. All the clothing had been torn from the bed, and it was supposed that the man, who had been in the room for some time, had sought to smother the flames with his own body.

The following is a list of the dead: CAPT. JOHN A. WAND, book and leather company No. 1.

W. G. NICKERL, Minneapolis Chamber of Commerce, located in his room on the sixth floor.

THOMAS SUMMERVILLE, Springfield, Mass., associated in his room on the sixth floor.

T. S. WOLF, New York; suffocated in his room on the seventh floor.

J. B. PEISINGER, New York; jumped from the seventh-story window.

MRS. MARY E. HODGES, Minneapolis; jumped from the seventh-story window.

WILLIAM BLACK, New York; suffocated in his room on the seventh floor.

The seriously injured are: MR. AND MRS. SAMUEL SPIES, Chicago; overcome by smoke.

MARY ROWAN, maid at the hotel; overcome by smoke.

S. A. AMDEN, superintendent Minneapolis and Northern Elevator Company; seriously burned.

GORDAN G. RAPP, Chicago; overcome by smoke.

BEN W. SWIRKY, Chicago; overcome by smoke.

MRS. B. BARLOW, Los Angeles; injured while being rescued by Capt. John Berwin; condition critical.

ALICE LARSON, maid in the hotel; injured by jumping from the fifth floor of hotel to roof of Unique Building. The financial loss will not exceed \$500.

St. Louis Husband Sues for Divorce from Wife Secured Through Matrimonial "Ad."

ST. LOUIS, Jan. 10.—[Exclusive Dispatch.] Dr. Joseph L. Maier filed suit for divorce today. He says he made his wife's acquaintance through the medium of a matrimonial advertisement. She admitted she had been married three times before, but later he discovered that she was a sixth husband, and she was the mother of seven children, ten living. She blushing is admitted to have 48.

After living with him twenty-seven days, Maier left and is now living with a daughter. He charges desertion and indignities, but says he loves her dearly, because "she is good looking."

Mrs. Maier this evening expressed gratification when informed that her husband was suing. She admitted she was the mother of seventeen children, but could not understand what bearing this has on her marital troubles.

Dr. Maier is 38 years of age, and a graduate of the University of Illinois.

WARSHIPS' COLLISION.

Court of Inquiry Convened on the Iowa.

Repairs on the Kentucky are Expedited.

(BY THE ASSOCIATED PRESS-P.M.)

PORTSMOUTH (Va.) Jan. 10.—The court of inquiry appointed to investigate the recent collision between the battleships Alabama and Kentucky was convened today aboard the battleship Iowa. Capt. F. B. Barry of the Kentucky was the only witness examined.

A New York dispatch says the battleship Kentucky will not be placed in the drydock at the navy yard as a result of her collision. This was decided upon yesterday, after a consultation of officials. The only injuries to the ship were found to be above the water line. It was decided that the work of repairing the damage to the Kentucky should proceed night and day. This, it is thought, will release the ship in less than two weeks, so that she will be able, sooner than was expected, to join the other vessels of the North Atlantic squadron now in Hampton Roads.

FOR CHAIN OF HOSPITALS.

NEW YORK, Jan. 10.—Details were made known today of plans for a chain of municipal hospitals which, when fully realized, will, it is declared, give New York the greatest system of free treatment in the country. Mayor McClellan, former Controller Groat, Bliss E. Cole, president of the Borough of Brooklyn, and Commissioner of Charities Robert W. Hubbard are the leading advocates of the project. An estimate of the total cost is \$15,000,000. The plan is for the development of a central system of hospitals in the five boroughs.

CHICAGO AT FIRE'S MERCY.

CHICAGO, Jan. 10.—Chicago's fire department is only a fairly efficient force. Its water supply is grossly inadequate as to pressure, and from the structural standpoint the town is weak and likely to be the prey of a great conflagration, unless the building laws are improved. These are some of the criticisms passed on Chicago by the National Board of Fire Underwriters, the Chicago report of which has been forwarded from New York.

These prints were shipped from New York by way of the Cape of Good Hope, and having encountered a storm, water came in the hold and among the rest of the freight they were damaged.

Although salt water changes the color of prints, yet it "locks" the dye so that no matter how many times the prints are washed, the color will remain unchanged. Prints are the quality that sells regularly at 7½c and 8½c. As a feature of the January Sale today we will sell them out at 1c per yard. In order to give every one a chance only a limited quantity will be sold to each customer.

Equally Sensational Values

Give this your serious consideration. Remember, January Clearance Sale at Hale's is not text but an actual undertaking during which we rid the store of all short lines, broken goods and other merchandise which it is prudent to have out of the way.

Do not gather from this that the clearance bargains are not such as will appeal. Some of the small lots consist of the most desirable goods. You can go from table to table and pick up hosts of necessary things, some of which are sacrificed at a few cents on the dollar.

Do not imagine that January Clearance Sale is a sale of only cheap qualities, for the same big reductions found in all small lots of our finer goods. Indeed, these particular collections of rich lace curtains are one of the strongest attractions for today. They come in double-thread net finished with ornate blue-corded edge and plain centers; others in floral design and pretty shaded patterns, both Arabian and English. These curtains formerly sold at \$2.75 and \$3.00 a pair, and they were bargained out today at \$1.50.

WE HAVE FOR YOUR INSPECTION THE CHOICE

stock of carpets in Los Angeles. Exclusive, private designs. Wilton carpets; beautiful designs in Bigelow Axminster, rich colorings in Bigelow Body Brussels; and rich effects Wilton Velvets and Tapestry Brussels.

Any carpet will cover a floor, but not every carpet makes a room beautiful. If you want the right harmony in your rooms you must have a breadth of selections to choose from. And if you want the right harmony to remain in your pocket book, you must choose from a stock with the right prices every tag.

By buying direct from the manufacturers in large quantities for instant spot cash, we have absolute control of the lowest prices that can possibly be quoted in this market. And every carpet in our stock is marked with the idea of giving the best possible value for the money.

We emphatically emphasize the fact that every carpet in our stock, from the lowest priced ingrain to the finest exclusive Wilton, is absolutely new in color and design. We have no old stocks to work off. We welcome close comparison of our goods and prices with anything that may be offered you in any other store in California.

We welcome you here to view our beautiful new stock. We do not ask you to buy. But we do insist you cannot afford to buy until you have compared our qualities and prices with what you may find elsewhere.

BOND BROKERS FALL OUT.
Deal in Block of Securities Leads to Issuance of Complaint for Alleged Embezzlement.
T. W. Potter, a dealer in stocks and bonds with office in the Byrne building, appeared in Justice Young's court late yesterday afternoon and swore to a complaint charging embezzlement against Lee Potter, who conducts the same kind of a business in room No. 514 Pay building. A warrant was issued, but it has not been served, and today the defendant will appear in court with his bondsmen and explain his side of the case.
The complaint alleges that while acting as agent for T. W. Potter, Lee Potter secured a block of bonds valued at \$2000, and by using them as collateral, raised \$2000 of which he has made no accounting. There is no reference to any purchase of the bonds.
Lee Potter stated last night that he had purchased the bonds in question and paid a portion of the purchase price. He asserts that with the knowledge of the other Potter he secured \$2000 on them from the Merchants' Trust Company. He acknowledges his indebtedness to the amount of about \$2200, but declares he has a counter claim against T. W. Potter, which, although it does not amount to as much as his indebtedness, he insists shall be adjusted and credited to him on the purchase price of the bonds. He further avers that he has made payments on the bonds within the past thirty days, and characterizes the action of the other Potter as an effort to use a criminal court as a collection agency. He has consulted his attorney, who has advised him that the whole transaction is one that should be settled by a civil action, inasmuch as there is nothing criminal in it.

Do You Appreciate Classical Music?

Most of us it is the rhythmic, ringing, everyday music that at first to the most attractive. The taste is cultivated so that one may enjoy the "classical" production, that does not now have any appreciation at all? Most assuredly it can. And practice with the Cecilian Piano Player can do it. It has done it, and it will do it, and, too, in the previous musical taste (or the lack of it) on the part of the individual. No one can study or practice without being benefited along the lines leading to that art. In this respect the Cecilian Piano well cultivates the musical appreciation of the individual, and much more quickly than the ordinary method without its aid.

Perfect Piano Playing means one of two things—years of practice, or a Cecilian. With the Cecilian you do not need the practice—a child can operate it. Price \$10.00.

FOREIGN VOTE TO BE UNITED.

"Liberal League" Takes in Many Nationalities.

Aims to Educate Members in Public Affairs.

Officers are Elected and Work is Mapped Out.

To bind all the foreign voters of this city into a great political league will be the object of a meeting to be held tomorrow night.

Already officers have been chosen and a tentative organization effected. Tomorrow night, the final touches will be put to it.

If it comes anywhere near the plans made for it, the "Liberal League" will be the largest permanent political organization ever started in Los Angeles. The promoters claim that 12,000 foreign voters will be enrolled, and 4000 Americans.

The objects of the movement are not political in the sense of getting favorite foreigners into office, but political in the sense of educating men of foreign birth in the art of voting, to prevent their being herded to the polls like cattle, not knowing what it is all about.

The following officers are at the head of the movement: President, M. Otto Stelmen, a German cutter; first vice-president, Capt. Thomas B. Merry, American sporting writer; second vice-president, M. Fernand Parmentier, French architect; third vice-president, G. Piana, Italian; recording secretary, N. Schwepel, German; corresponding secretary, Amarty Marx, French editor; treasurer, John Lopitich, Slavonian banker.

Following named are the directors: August J. Mayer, German; W. Morlack, German; Edward Stuerz, German; J. Jassand, French; P. Viola, French; G. Sornano, Italian; John Falvelis, Italian; M. Orsatli, Italian; A. P. Pusich, Slavonian; N. Megon, Slavonian; F. M. Kristovich, Slavonian; T. H. Rile, American; G. M. Gonzales, Spanish; A. D. Cajal, Spanish; L. A. Apffel, Swiss.

Most of the work of the league will be in the hands of these directors. They will meet once a week. Arrangements will be made by them to open permanent headquarters. They will also map out the practical work of the league.

Plans will be made whereby foreign voters will be shown the working of the voting machines which are to them now a mystery; the whole system of American government will be explained to them; the latest of the local campaigns will be made clear. Merits of the various candidates will be discussed.

On nearly all important questions, the league plans to take definite action for or against; but this will be outside the lines of party.

Ordinarily there will be no regular meetings of the whole body of the league. On occasion, however, all will be called together in some convention hall and the candidates of the time will be called on to explain the issue of the hour.

It is within the plans of the league to induce citizens to vote, but not to use a machine for the benefit of foreigners into office.

The president, Mr. Stelmen, stated yesterday that the league would start in on a platform of which one of the principal planks will be the election of city and county government.

The organizers claim that they will make it their object to keep the foreign voters from finding out too much instead of educating them.

The men behind the "Liberal League" claim they have the broadest plan of teaching to vote intelligently on every question and for every officer who comes before the people.

The first work of organizing of this league began over a year ago, but no noise was made about it at any time.

It seems impossible that "El Hutch," Ben Cohn and Joe Margolis could have overlooked so many.

Having organized so early, the league will be in operation in plenty of time to take a hand in the next city and county elections.

The organizers realize that in times past it has been the object of a certain element of the "rummy" party to keep the foreign voters from finding out too much instead of educating them.

LOVE'S LINE TEST.

Here's Where the Lucky Telephone Wire Man Gets the Best of the Ordinary Mortal.

Love will find a way. In this remark we find we have been anticipated by a man named Shakespeare. He did not say it, however, in regard to telephone linemen; so it is new after all.

The Times photographer snapped this man breathing soft accents of love from the top of a stepladder to

LINE'S BUSY!

Her. It was by way of testing a line. It is just as good a way of testing a line as any other. The lineman's heart is as true as the words at a bliss young woman chief

This one was inviting a girl to go to the theater. You will notice that he had his feet braced to withstand the shock of the fall should she refuse. She did not refuse.

Oh, how happy is the life of the telephone lineman. When you grow up, children, if you grow up like a game cock, you also can be a telephone lineman and crawl up ladders to invite young ladies to the theater.

Now, lay your books aside and run and play in the warm sun.

PACKERS MAKE NEW COMPACT.

SWIFT COMPANY PERFECTS PLAN FOR LOCAL PRODUCT.

Entered into "Killing Contract" With Los Angeles Packing Company by Which It Will Obtain Fresh Meat at Home—Managers Deny "Corner" or Combination.

Swift and Company will handle fresh cuts of Western meat through the local firm known as the Los Angeles Packing Company, which has been organized, whereby the handling of fresh meat for the local trade will be possible.

The plant of the Los Angeles Packing Company has been erected and several new buildings have been erected. Increased business has made many other improvements necessary. The rumor has gained credence that Swift and Company have purchased the entire local plant.

This rumor was denied yesterday by Edward Lind of the Los Angeles Packing Company and also by Manager O. L. Galbreath of the Swift branch.

The contract concluded between the two firms gives the Swift Company an opportunity to handle Western meat with greater facility. The Eastern branch will not be noticeably affected by the arrangement, say the managers of the two concerns.

The Swift branch does not kill its own stock. It has no abattoir in Los Angeles. The arrangement with the local packing company will provide for the big Eastern firm the necessary amount of fresh meat to supply its own trade. Heretofore the firm was handicapped in this respect and could not compete on an equal basis with other large Eastern firms which have abattoirs in the city.

At the Los Angeles Packing Company has just concluded with the Los Angeles Packing Company.

"Our local trade demanded that we make some arrangement for procuring fresh meat killed in Los Angeles," said Manager Galbreath yesterday. "We must be able to supply a man with everything in the meat line from a pig's tail to a steer. Our contract with the Los Angeles Packing Company allows us to procure our own fresh meat."

"There is no cause for alarm, as we are not attempting to corner the local trade, and are only seeking to protect ourselves in order to compete equally with others. We have not purchased the Los Angeles Packing Company, as some have reported."

Mr. Galbreath is a stockholder in the Los Angeles Packing Company. He was authorized by the main branch of the Swift concern to close an advantageous contract as possible.

At the Los Angeles Packing Company Mr. Lind stated that the contract with the Swift Company would mean increased business for the firm, which already handles a bulky portion of the local trade. Tons of Western meat used by the Swift branch will be killed at the up-to-date slaughter houses on Santa Fe avenue.

The officers of the Los Angeles Packing Company are T. F. Breslin, manager; R. L. Bliss, secretary; and E. Lind, treasurer. Some of the large stockholders are C. Winters, Levi and Marks, J. M. Elliott and Leopold Winters.

The directors of the Barlow Sanatorium have elected James Slauon as president, to succeed his father, who died recently. It was decided to hold a second garden fete for the benefit of the sanatorium, on September, on private grounds on Figueroa street.

UNION PICKET DRAWS BLOOD.

Striking Printers Resort to Violence on Street.

Pressman Assaults Youth With Brass Knuckles.

His Victim Falls Unconscious. Warrant is Out.

The first resort of union-labor strikers—the usual argument they employ in their extremity—bloody violence and attempt on human life, has been applied by the striking printers in Los Angeles.

A vicious attack was made on George Wall, a press feeder in the employ of C. E. Bierley, on Tuesday evening, by John August Schmidt, a strike pressman who had been employed in the C. M. Morian printing house.

Schmidt, on picket duty, so-called, was backed by a gang of union strikers, and all of them ran, slipping away like cowardly curs after the boy whom they assaulted had fallen senseless on the sidewalk.

That the lad was not murdered or even seriously hurt is not due to lack of intent on the part of the strikers. He was struck from behind with brass knuckles, or some such weapon, and the brute who landed the blow aimed, evidently, at the base of the brain.

Wall was struck back of the left ear and was felled to the ground.

HAD POSED AS FRIEND.
His assailant had posed as a personal friend of the lad; in fact, he had taught young Wall the trade of proof-feeding. But personal friendship made no difference when the strike virus surged in his veins, and without compunction Schmidt made the attack from behind on the lad, who was unaware of impending danger. The work of a cowardly thug, it was the last "argument" of a hopeless strike, a repetition of union-labor history in many a place.

Young Wall has been a faithful employ in the Bierley printing house for several months. Before that time he was employed by the Morian concern, and then he was under the direction of Schmidt.

When Jim Lynch's strike came on the unionists decided to tackle every approachable coworker, in the hope of

getting many away from the open shops, and Schmidt bethought him of the lad who used to work with him.

Backed by a gang of union pickets, Schmidt has been lying in wait for the employees of Bierley's office as they left the place for their noonday lunch, or for their homes in the evenings.

LOS ANGELES GAZERS SEE NEWEST COMET.

The Giacobini comet, visible in Los Angeles just before dawn. This is from a photograph made at Lick Observatory. The light streak at the left was produced by a meteor caught by the photographic plate.

THE old saying, "It is darkest just before dawn," is being tried and proved just now by Los Angeles star gazers. They are employing the chilly moments round about 5 a.m. to search out and view the first star wanderer of the new year—known to astronomers as "Comet 1906-C," because it was the third to be discovered in the year just closed; but it will be listed in the astronomical catalogues as "Comet 1-1906," because it will be the first to reach perihelion, or nearest approach to the sun, in the present year.

The last comet discovered in the year 1905 was first observed by the Italian astronomer, Giacobini, at the observatory of Nice, in the south of France. Giacobini has been fortunate in catching the first glimpse of several comets during the past few years, most of them being faint telescopic objects.

The present one, however, bids fair to excite some interest, as it has continued to grow brighter from the date of its discovery, December 6, to the present time, and now shines with the brightness of a second magnitude star.

It extends to nine or ten degrees in length, which under the telescope is extended to nine or ten degrees. It will perform its perihelion passage January 22, when it will be but 20,000,000 miles from the sun—a title which will give it the distance of the planet Mercury.

WOULD BURN US UP.
At that distance the sun's disk will appear eighteen times as large as it does to us, and its heat would be so intense that if creatures like ourselves were subjected to it they would be shriveled and parched to a cinder.

Now if it is borne in mind that much of the matter of which comets are composed consists largely of gases, such as carbon and hydrogen, and others of a rare and expansive nature, and that these gases when passing through the zero temperature of interstellar space are reduced to the solid state, that is, frozen, we shall have a reasonable explanation of what is now happening in Giacobini's comet.

When the comet comes into the proximity of the sun, the gases are partially melted and a sudden and enormous gas expansion takes place, producing an internal explosion, and the most violent character, possibly resolving some of the atoms into their constituent ions or electrons. Now these

electrons are so infinitely minute that the powerful rays of the sun exert a repulsive force upon them and drive them back into space, thus forming the tail—an object so ethereal that the smallest stars can be seen through it. This also accounts for the fact that the tail almost invariably streams away from the comet in a direction opposite that of the sun, whether approaching or receding from that body.

OUR LAMPS INTERFERE.
During the month that Giacobini's comet has been under observation its brightness has increased fortyfold, notwithstanding that it has been moving away from the earth. When first seen it was a few degrees east of Arcturus, but it is now so near the sun that it is only visible just before the first stroke of dawn, about ten degrees south of a point due east. Owing to the full moon and the glare of the thousands of electric lights in Los Angeles, the local star gazer finds it a very difficult object to observe.

Director Wm. Campbell of the Lick Observatory has been following it with the Crocker telescope, taking photographs from day to day, and he notes that the tail extends eight to ten degrees from the bright nucleus "corresponding to a length of as many millions of miles."

We have not been favored with any large spectacular comet since the splendor of 1858, which appeared in the years 1812, 1824, 1825, 1843, 1858, 1861, 1874 and 1880.

TALK OF RAPID TRANSIT.
Of telescopic comets we have of an average four or five annually. Some of these are periodical and revisit us at intervals varying from three years (Encke's, for instance) to several centuries. Halley's great comet has a period of seventy-six years, and as it was seen in our skies in 1835 (as predicted,) it is due to visit us again in 1910.

All these, however, revolve in closed elliptical orbits. But the computed elliptical orbit of Giacobini's comet is so eccentric that it is moving with great velocity in a parabolic orbit, and after wheeling around the sun with a speed of more than forty miles per second will have gained such momentum that it will forever leave the solar system and will visit some other shining galaxy of worlds far out in lonely depths of stellar space.

HUNDRED MEN ON COMMITTEE.

CHAMBER OF COMMERCE LOOKS OUT FOR OREGONIANS.

Plans Under Way for Entertainment of Men and Women from the Webfoot State—Public Reception and Probably Trip to Long Beach, Harbor.

By authority of the Chamber of Commerce, Director A. W. Skinner will name a committee of 100 representative business and professional men to entertain the party of 175 Oregonians who will arrive in Los Angeles in the early morning of Saturday, January 20, on their all-California sight-seeing trip.

The committee likely will arrange for a general Chamber of Commerce excursion to Long Beach for the afternoon of the 20th, the visitors, about seventy-five of whom are wives and daughters of prominent Oregon men, to be accompanied thither by 800 or more Angelenos. A feature of the jaunt may be a visit to West Long Beach, where a 22,000,000 ton harbor is now under dredging. Vice-president Henry F. Barbour of the Los Angeles Dock and Terminal Company, as a member of the Los Angeles Chamber of Commerce and of the Long Beach Chamber of Commerce, will today confer with the officers of the latter body relative to entertainment of the Oregon and Los Angeles people on the 20th.

Mr. Skinner's committee will consider, among other plans, a public reception in the Chamber of Commerce Saturday night, and trips to Mt. Lowe, Hollywood, Avalon, Pasadena and other famed spots within easy reach of this city.

The Oregon party will break up on Tuesday, the 22nd, some of the visitors returning home at once and others tarrying for some days or weeks in southern California.

HER WISH CARRIED OUT.

Remains of Mrs. Galpin to Rest Several Hours in Cumnock Hall Shakespeare Room.

In the Shakespeare room of the Cumnock Hall, where her loving expositions of the words of the master poet still echo, the remains of Mrs. Kate "Super Galpin" will be taken for a last rest tomorrow morning at 11 o'clock and will lie there until the conclusion of the funeral services, which will be held in the auditorium of Cumnock at 2:30 in the afternoon.

"I want to go to the Shakespeare room and rest," she said during the last days of her illness, when she gave directions for all that should come after, and her request will be strictly carried out. The cremation following will be private.

Mrs. Galpin had long been one of the foremost figures in the club life and educational work of Southern California, and it is remarkable to count the number of women foremost in affairs now who owe their training and inspiration to her. The Galpin Shakespeare Club, composed of women who played under her instruction, is an enduring monument to her efforts. This club will attend the funeral in a body.

As announced in The Times yesterday morning, the death of Mrs. Galpin occurred at 8 o'clock, Sunday, January 7, at her home in Denver, Colo. Arrive at 8 o'clock, five hours after she had passed to the great beyond.

THEY TAKE TIME.
The home of S. G. Jatro, No. 2223 Western avenue, was reported entered to the police last night and a gold watch, two pairs of cuff buttons, a quantity of European coins and small trinkets stolen by a burglar who entered a second-story window. Mrs. F. Lewis of No. 730 Ottawa street reported last evening that her home had been entered and a gold watch stolen.

LOSS COVERED BY INSURANCE.
Fire originating from a defective fuse damaged the home of Charles Peschel, No. 623 East Fifth street, last night to the extent of \$500, with aggregate insurance on the building and contents which fully covers the loss.

"CORBETT" IS
MAKING WEIGHT.

DENVERITE NOT FAR FROM THE
MARK AGREED UPON.

Looks as if He Might Slay in With-
out Resorting to Any Very Stran-
ge Stunts Between Now and Fri-
day Night, Though He Will Have
to Keep Busy.

"Young Corbett" hopped on the scales
yesterday and tipped the beam at a
shade over 135.

He didn't look worried a bit. "Wond-
er how much difference for those
pans," said Manager Hauser, and the
offending breaks were discarded. Re-
sult, 135 even.

The Denverite does not look drawn
or pinched; his little blue eyes are as

blue as ever, and his pink nose as rosy
as a baby's too. In fact Corbett's pink
and white flesh reminds one irresistibly
of a baby's, though there is nothing
infantile about the young man when
one passes his physical appearance.

Such a fair skin and smooth, silky mus-
cles are a revelation; the common idea
of a prize fighter is a muscularly cor-
dial animal of the Tom Sharkey or Phi-
ladelphia Jack O'Brien type whose biceps,
supra spinatus, femoralis, abdominalis
etceteralis, stand out like the sculp-
tured fancies of some Greek modeler of
other days.

Not to verbally wander farther from
the paths of rectitude, "Young Corbett"
seems to have solved the weight prob-
lem satisfactorily to himself and
Trainer Lewis. He goes through his
gym work in a slow, methodical man-
ner and puts in considerable time at it.
More spirited workers have been seen
here; whether their efforts were di-
rected to as much—or more—purpose
will be shown Friday night when the
Denver boy shows his ability to step
the long route, in case it comes to that.

From 125 to 135 at 6 o'clock tomorrow
afternoon should not make "Young
Corbett" much trouble. He seems to be
about right at present, but doubtless
can lose two pounds without resort-
ing to very strenuous stunts to do it.

This part of his training is a mat-
ter of method, and the job will be made
as easy as possible.

Around the Herrera camp the boys
seem to think Corbett will have hard
work weighing in, but perhaps the wish
fathers the thought.

Tommy Burns and Marvin Hart are
practically "on" for a February date
though some minor details must be set-
tled before the bout can be put down in
the date book.

This will be one of the classic
scrapes seen here in a long time as
heavyweight class goes.

Tommy thinks he has a slight chance.

KNOT TIED IN AUTO.

Fullerton Orchardist and Modesto
School Teacher are Married in
Front of Courthouse.

Willie L. Hale, a Fullerton orchardist
in search of a new sensation, was mar-
ried in his automobile yesterday morn-
ing in front of the Courthouse, to
Miss Joan E. Nichols, a Modesto
school-teacher.

The news that an open-air marriage
was to take place in front of the coun-
ty building spread abroad, and when
Justice Pierce appeared in the Court-
house yard with the bride and the wit-
nesses there was a big collection of
spectators.

A moment later, Hale, in his White
machine, came tooling along the drive-
way, and stopped in front of the steps.

He took the back seat, with Miss
Nichols at his side. Justice Pierce
took the driver's seat in front, and in
short order performed the ceremony.

Charles Rudbeck, township constable
at Fullerton, and Miss Rebecca
Boeske, were the witnesses. With the
ceremony completed the party entered
the auto and it tooling its way out
through the Broadway entrance amid
the congratulations of the crowd. They
will leave in the auto this morning for
a trip up the Coast.

BRITISH FLEET DUE AT MANILA.

MANILA, Jan. 10.—The British cru-
ser squadron, commanded by Admiral
sir Gerald Henry Noel, consisting of
the flagship Diadem and the first-class
cruisers Hogue and Suffolk, is due here
tomorrow morning. Elaborate prepara-
tions have been made for their recep-
tion. The American fleet, consisting of
the battleships Ohio, Wisconsin and
Oregon, and the cruisers Cincinnati
and Raleigh, is off Manila.

MANY CARS TO MEET IN TRIP.

San Diego Endurance Run a
Promising Event.

Ten Controls to be Made in
Tour of Two Days.

Picturesque Scenery Along
Route—Conditions.

Details for the San Diego endurance
run that is to be brought off under
the auspices of the Coronado Country
Club were completed yesterday, and
call for the devotion of two days for
the run, which is roughly a matter of
175 miles over all kinds of roads from
very good to very bad.

Special provisions to penalize scor-
ching are made, and a twenty-mile-an-
hour limit is to be adhered to most
rigidly, ten controls being made on the
route, which starts at the Plaza in this
city, Thursday, January 25, runs out
via Pasadena avenue and connecting
thoroughfares to the famous foothill
boulevard to Monrovia, seventeen miles
where the first control is established;

thence to Pomona, eighteen miles far-
ther, where an hour is allowed for
lunch at Control No. 2. The next sec-
tion will carry tourists to Corona,
twenty-three miles farther, and the
day's driving will terminate at Elsin-
ore, the fourth control, twenty-two
miles down Temecala Cañon. This will

be the easiest part of the run.

Starting the next morning, the fifth
control will be made at Temecala,
twenty-two miles south; the next at
Pala, twelve miles ahead, and over
some stiff grades. From Pala to Val-
ley Center is twenty-eight miles; both
are controls, and some rough riding
separates them. Arrived at Escondido,
ten miles farther, half of which is steep
coasting, the motoring party will take
supplies for the thirty-mile spin
into San Diego, over the Poway Pass
which is not quite the steepest climb
on the trip, that near Pala being about
the worst. At the foot of the Poway,
a sort of water control will be estab-
lished at a rancher's house, where sup-
plies can be taken aboard for the long
pull.

The road is possible and any good
touring car ought to be able to make
it if properly handled. The scenery is
most picturesque; the mountain driv-
ing beautiful in the extreme. It is a
trip well worth popularizing.

The cars will be dispatched from the
Plaza between 7 and 9 o'clock the
morning of starting, in such manner
as seems best calculated to preserve
order and prevent scorching. The of-
ficials being men whose connection with
automobiles is essentially amateur,
and who have no object in favoring any
make of car.

For the sake of preventing chicanery,
the observers will be shuffled about at
Elsinore and cards taken in, new ones
being made out for the next day.

Already W. G. Nevin of scorching-
fine fame, the Hooks, and Hules, have
sent in their entries. The legal "smart
set" of motoring is expected to go in
for the San Diego run with both feet,
and as many cars as can be brought
to bear.

Trophies galore for gasoline and oil
consumption—the least of courses—are
provided, and the Standard Oil Com-
pany will probably add a leather medal
for the biggest consumer of its refined
product—or ought to. Some very hand-
some cups are contingent on the out-
come, and the cars which finish with
clean scores or approximately so will
be rewarded fittingly by the commit-
tee for their good performances.

Quite a number of tourists whose
cars are now here are expected to par-
ticipate. The route will be plainly
marked for all, and the scenery will
prove a revelation. At points of in-
terest, the schedule has been so ar-
ranged that sight-seeing will become
possible.

The mission at Pala will be "taken
in" and cars will leave that point at
ten minute intervals to give plenty of
room on the grade.

Points will be allotted on a basis of
450 for the first day and 550 for the
second, making 1000 in all.

A good card of automobile races is
provided for Saturday, January 27, and
several big racing cars will possibly
be contenders, the White "Whistling
Billy" being a sure starter.

INTERNATIONAL AUTO RACES.

HIGH-POWER MACHINES.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Jan. 10.—Entries for
the fourth annual international Ore-
mond-Daytona Beach automobile races,
which closed yesterday, show twenty-
two individual competitors, with entries
in all the 166 races. The touring car,
which figured in last winter's tourna-
ment has been eliminated, with the ex-
ception of one event in which the regu-
lar stock car figures.

In horse power, the entries this year
show an increase of more than 25 per
cent., and for the first time in the
history of automobile racing, two cars,
one of 200 and the other of 250 horse
power, will be seen in competition.

PROGRESS IN MISSION FIELD.

TOILERS TELL OF THEIR WORK IN FAR-AWAY INDIA.

Quarterly Meeting of Pacific Branch of the Women's Foreign Missionary Society of Methodist Church. Reports and Plans for the Future.

A large representation of women met yesterday at the First Methodist Church, coming from all parts of Southern California and as far north as Pacific Grove to attend the quarterly

MISS C. S. HOLMAN, to return to India soon.

meeting of the Pacific branch of the Women's Foreign Missionary Society of the Methodist Church. This branch covers the territory of California, Arizona and Nevada.

The feature of the meeting was the presence of two foreign missionaries who are about to return to India. One of them, Miss Celesta Easton of Riverside, served in the mission field of North India for more than five years, having charge of a native girls' boarding school of over 100 pupils at Sitapur.

Miss Easton has been home on furlough and caring for her invalid mother at Riverside. A few months ago the mother passed away and since then Miss Easton has felt a strong desire to return to her foreign field of labor, but

MRS. LUCIE HARRISON, national secretary juvenile work, W.F.M.S.

the auxiliary lacked funds to send her. At yesterday's meeting it was announced with great enthusiasm that some generous members of the South Main-street Methodist Church have contributed the \$100 necessary to return Miss Easton to India and she is to sail this month. Miss Easton speaks the Hindustani language and is one of the most effective missionaries in the Methodist Church.

The other missionary, who also represents India, is Miss C. S. Holman,

MISS CELESTA EASTON, going to India within two weeks.

whose work lies in the heart of the Ganges district at Patna, in Rajputana. The feature of the afternoon session was a talk by Miss Holman on conditions in the foreign field as she found them. She has been home on furlough for several months and is about to return to her work.

Another distinguished visitor was Mrs. Lucie Harrison of Worcester, Mass., the national secretary of the juvenile work in the Methodist missionary societies. This branch represents 7,000 children, including the Little Light Bearers, of which the Los Angeles First Methodist Church claims one of the largest bands.

Yesterday, in response to a plea from Mrs. Harrison, who is a delightful speaker, the fourth life member in the person of little Mary Frances Lowry of Pekin, China, the daughter of Dr. and Mrs. Lowry, who have many friends in the Pacific branch, was added to the list, the necessary amount being raised in about five minutes by voluntary subscription.

Mrs. Harrison has visited the eleven branches of the Missionary Society in this country, except the Columbia River branch, the smallest in the list, and she expects to go there before returning East.

"I find the Pacific branch," she said, "has the largest auxiliary and raises more money than any of the others for its work."

Almost \$25,000 was raised last year by the Pacific branch, and their appropriation for 1926 is raised \$1000.

Mrs. R. F. Johnson of Pasadena, the thirty-sixth annual meeting held in New York last November. Mrs. Johnson is a sister of Mr. A. J. Wallace of this city and she succeeds in office Mrs. Charlotte O'Neal who, after serving seventeen years as secretary, resigned at the general session in New York.

Thorough Cures

The cure of disease is a full understanding of the disease and the method of attacking it. In most treatment is applied to the cause of the disease, not to the symptoms. It is the doing of these things that makes the difference between a cure and a temporary relief. There is no excuse for failure.

of great prosperity for California. Yet the assessment roll of the State, as returned by the Assessors, stood practically still during the whole of that period. The only advance was in 1905, and that was made entirely by the State Board of Equalization. The chief reason for this failure of the tax roll to represent the true conditions in the State is the natural pressure, growing greater each year, on the Assessors to keep their valuations down in order to relieve their constituents of more than their just part of the State taxes. The plan of the commission is a broad one, based on a consideration of the best welfare of the whole State, and it is hoped that it will be judged in a broad and generous spirit; not carried by any petty jealousies between counties or cities, jealousies fostered and largely created by the evils in our present system.

The Jew in America

Read the story of the Jew, the "Great Misunderstood Among the Nations," in **MUNSEY'S MAGAZINE** for January—the amazing record of his achievements for 250 years in America.

- Read—how his versatility, intellectual strength and energy of character have made him a vital element in every department of American life.
- Read—how he began by making possible the discovery of America by Columbus; how he first settled in Manhattan, and later proved his patriotism by blood and money in the Revolutionary, Civil and Spanish Wars.
- Read—what he has done in finance, commerce, business and national development; what he has achieved in law, diplomacy, statesmanship and public service.
- Read—what he has accomplished in science, music and art; in education as teacher and scholar; in religion as preacher and moral force in the community; in charity and philanthropy both for himself and others.
- Read—how this persecuted world-wanderer has handled the opportunity that the United States has given him; how he has become Americanized under free institutions, and grown to be a mighty force in the body politic. All these things—and more—are told in a graphic manner in

MUNSEY'S MAGAZINE

for January

Illustrated with 25 portraits of leading Jews in America

The story tells the truth about the Jew, his faults and virtues, and dispels the fog of prejudice which has enveloped him. When you have read it you will begin to understand why it is that no people, in proportion to numbers, have made a greater or more valuable contribution to our Complex National Life.

Every Jew in America should buy **MUNSEY'S MAGAZINE** for January, cut out this article and hand it down in his family as a true history of the achievements of his race on this continent.

CLUTCH ON RUM AT DAGGETT.

LEAGUE BAGS SEVERAL SALOON MEN THERE.

In Order to be Consistent in Granting License for Arrowhead Hotel in "Dry" Precinct the Supervisors Grant Hotel License for Desert Town With "Wet" Results.

SAN BERNARDINO, Jan. 10.—The Anti-Saloon League bagged game again at Daggett yesterday, securing the arrest of all the saloon men, including J. H. Flint, who has a hotel license. This is the beginning of a fight for which the sinews of war will be furnished by the liquor interests of this city, Los Angeles and Southern California. The ordinance under which Daggett and Ludlow are made prohibition towns. Three years later the Anti-Saloon people, working under the direction of Rev. D. M. Ganser of this city, took the saloon interests by surprise. They worked up a fight against a supervisory candidate, which threw the dust in the eyes of the saloon men. They shouted lustily for their favorite, but in the end an innocent class in an ordinance upon which the voters were asked to express their opinion by their ballot. Overlooking this clause, few liquor men voted either way on the clause. The Anti-Saloon people, as a snail for it, and the result was that Daggett a few months later was released from its career of crime, and crime, which had marked it out as the worst criminal hide-out in the state.

The Board of Supervisors refused all applications for licenses in that precinct, until recently, it happened that the Arrowhead Hotel occupied ground in Arrowhead precinct, which also voted dry. The Arrowhead people wanted a liquor license and to accommodate them and also to be consistent the supervisors were forced to grant a hotel liquor license to J. H. Flint. The liquor that made Daggett notorious was resorted to, and the result was the wholesale arrests which have just occurred.

While raiding Daggett the Anti-Saloon interests took a look about Ludlow, and effected the arrest of Mr. Preston, a hotel keeper there, whose license was rescinded several weeks ago. She was taken before a Justice of Peace and, pleading guilty, received a fine of \$100 which she paid. The league is on the lookout for a period of peace and, pleading guilty, received a fine of \$100 which she paid. The league is on the lookout for a period of peace and, pleading guilty, received a fine of \$100 which she paid.

SAN BERNARDINO BRIEFS. John Anderson, Jr., has been appointed cashier of the Farmers' Exchange Bank, to succeed S. F. Zombro resigned. Mr. Zombro had been connected with the bank for a period of twenty-one years. On accepting his resignation the directors passed resolutions of regret.

A contract was let this morning by Mrs. M. M. Cochran for a business block to be built on the southwest corner of Third and F streets at a cost of \$74,000.

Contractors Bright and Drew, who have the Arrowhead contract, have secured a license to build the Arrowhead hotel, which will be completed within four months.

A marriage license was issued today to John Terrence Lloyd, age 21, and Blanche M. Mitchell, age 21, both residents of Los Angeles; also to Walter Franklin Snodgrass, age 21, a resident of Los Angeles; and to Elizabeth Brown, age 21, a resident of St. Louis.

COLTON.

RAILROAD CENTER BRIEFS.

COLTON, Jan. 10.—At the annual meeting of the stockholders of the First National Bank of Colton yesterday officers and directors were elected as follows: E. D. Roberts, president; H. B. Smith, vice-president; C. W. Curtis, cashier; E. D. Roberts, San Bernardino; Mrs. Jennie Davis, Redlands; H. B. Smith and A. M. Hubbard, Colton.

Over \$1000 worth of furniture was unpacked at the new Anderson Hotel today. The building is now in the hands of the decorators, and will be open by the first of February.

James Beach has returned to Haverhill after spending two weeks at his Colton home.

A light opera, "The Frogs of Windham," will be presented at the Colton Operahouse by local talent on Thursday and Friday evenings, under the auspices of the Colton Woman's Club, which will use the proceeds in purchasing books for the public library.

REDLANDS.

CONFERENCE MARKS EPOCH.

REDLANDS, Jan. 10.—The first annual conference of the Unitarian and Universalist churches of Southern California convened in the Unity Church last evening with a large attendance. Every church in the conference is represented by minister and lay delegates. A sermon by Rev. Bert Egan of Los Angeles, defining the real work of the true Christian church was followed by a reception at which nearly 200 were present.

The business meeting this morning heard reports from each church in the conference, showing the best conditions ever experienced. Women's work in the church was also discussed by Mrs. A. A. Stone of Los Angeles, followed by papers from other women in various parts of the conference. This afternoon preachers from various churches presented some phases of church work and purpose to be followed by similar papers tomorrow.

The meeting is considered an epoch making, being the first conference in the United States in which these two denominations have united. Rev. Earl F. Wiburn, dean of the Theological School at Oakland, and Rev. Dr. George W. Stone, field secretary of the American Unitarian Association, are among the speakers.

TRIO OF ACCIDENTS.

Charles Putnam, a former member of the New York publishing house of G. P. Putnam and Sons and one of Redlands' most wealthy and prominent citizens, was severely injured this morning in a runaway accident. His horse became frightened while he was driving on the Highway and began rearing; the buggy was overturned, throwing Mr. Putnam ten feet over a stone wall. He was unconscious for some time and when revived was found to be severely bruised about the face and head, while the bones of his nose were broken.

Edwin Thammann, the 6-year-old son of J. Thammann, was thrown from the seat of a high transfer wagon this morning to the pavement. He struck on his head, but when the wagon wheels hit him he was not injured.

Henry Metch, a German rancher, got into trouble with a balky horse this morning. When the animal finally started it lunged upon Metch, tramping upon him and severely injuring him about the head and shoulders.

BONDS CARRY.

SANTA ANA VOTES SOME AND DISAPPROVES OTHERS.

Issues for Municipal Gas Plant and Electric Lighting Plant Do Not Receive the Required Two-thirds Majority—Board of Education Disapproves Certain Kinds of Dances.

THE DIRECT VOTE TO THE TIMES. SANTA ANA, Jan. 10.—[Exclusive Dispatch.] The \$140,000 municipal election here today resulted in carrying of issues of \$25,000 for street improvements and \$30,000 for bridge work over Santiago Creek on North Main street, but the issues of \$60,000 for a municipal electric light plant and \$50,000 for a gas plant were defeated by a large plurality.

The bridge bonds carried by an easy majority of 606 to 153. On the \$25,000 street improvement issue the vote was 492 to 241, giving exactly the two-thirds majority necessary to carry. The vote on gas bonds was 421 for and 431 against. Three years ago a similar issue of electric light bonds carried with good majority. The total vote cast was 1,047, a record for the city.

The Board of Education last night adopted resolutions disapproving the practice now followed by High School students of holding so-called "High School dances under the chapter-house of members of the High School faculty." It is believed by the board that such a practice gives a misleading impression to the public to the effect that such dances are a recognized part of the social activities of the school.

The board requests the principal of the High School to call a meeting of trustees at an early date and to advise them that the board "emphatically disapproves of such social functions held under the name of the school, or in any way connected therewith, and that the board adopted a similar ruling six years ago."

The Santa Ana Merchants' Association is making plans for the entertainment of the Chicago Merchants' and Manufacturers' Association which is coming to the city on a trip of inspection and pleasure. The local association will give the visitors a public reception and a drive about the valley.

There is shortly to be a change in the office of the County Clerk of this county. Deputy Clerk Tom Bonker will resign to take up the practice of law with ex-Judge Williams. Clerk Farrand will probably appoint Jay Knox of Santa Paula in place of Mr. Bonker.

There will be a tennis tournament at Nordhoff Saturday in which a number of county players will participate, in a quantity to the city or to some responsible corporation. Another concern also has an offer to submit for the delivery of gas. Both companies are figuring on piping natural gas here from the wells, where some are going to waste to supply a dozen cities.

It is not believed the people here would favor the municipal ownership of the gas system, but they are likely to sign contracts for gas for heating and cooking purposes and some for lighting.

CITY POLITICAL POT.

The city election will not be held until April, but at this early date many have been connected with the various offices. Trustee Gardner will probably be a candidate for reelection on account of his had health. The terms of three trustees expire: Chapman, Arthur Bentley holding over another two years. For trustees many voters have suggested: R. T. Davis, Otto George, Peter Schumacher, Jacob W. Wimmer, H. Krug, W. L. Hale and W. J. Wicker. City Marshal Rudwick will be a candidate to succeed himself and is reported Frank Baxter will enter the race against him. For treasurer E. W. Dean will probably be a candidate for reelection and friends of W. R. Collier will urge him to enter the race for the office. City Clerk Rudwick will have no opposition, it is said.

It is reported that the liquor license question will be voted upon again and that a red hot fight will be made against the saloons.

HUNTINGTON BEACH.

PRIZES FOR FINE YARDS.

HUNTINGTON BEACH, Jan. 10.—The Board of Trade at its meeting, held Monday night, increased the prize for the best kept yard and lawn for the coming year, from \$25 to \$50 for first prize, and made the other prizes \$20 for second, and \$15 for third.

Two gangs of cement men will begin work next week on walks and curbing; work has been stopped on account of inability to secure the cement, but now the company has the promise of 300 barrels per week.

The town already has ten miles of cement sidewalks laid. The work of improvement goes steadily on this winter. The new residences which are being built are insufficient and, owing to the scarcity of houses, some are compelled to live in tents through the winter.

An extra night train is running on the southern Pacific road to carry out the city.

A cesspool service between Huntington Beach and Westminster, taking in Smetzer and Westminster, also will be in operation soon.

A free ambulance service between Huntington Beach and Westminster, taking in Smetzer and Westminster, also will be in operation soon.

Mary E. Winn, daughter of Mr. and Mrs. J. F. Winn of Santa Ana, was married Sunday evening at the Talbert Methodist Church, South of Redondo, to Mr. and Mrs. Farnsworth of Talbert. Mr. and Mrs. Farnsworth will live at Talbert, Cal.

CORONA.

CIRCLE CITY NOTES.

CORONA, Jan. 10.—The Corona Fire Company has elected U. S. Cummins, chief; Perle Glass, secretary; F. A. Perkins, treasurer and Thomas Baker, foreman.

Enos and Bruckman have contracted to lay 4000 feet of six to ten-inch vitrified laterals on the upper and lower pipe line, for the Temescal Water Company.

The directors of the Corona Pressed Brick and Terra Cotta Company met yesterday to increase the capital stock from \$25,000 to \$150,000.

Mrs. W. P. Davis has a severely injured right leg, the result of a fall several days ago in Los Angeles.

VENTURA.

SPECIAL INDUSTRY IN PROSPECT.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

VENTURA, Jan. 10.—There is a boom in cement claims and rock in this county. The land in question is a rocky, hilly, unprofitable part of the ranch owned by the property of O. A. Wadleigh, and also on the ranch and near the Ojai Valley Railroad track. There is an apparently inexhaustible supply of cement rock on the land, and as yet have shown it to be of fine quality. An option on the land for \$5000 has been secured, and any amount of capital is said to be looking for the purchase. At least \$300,000, it is said, will be expended in erecting a plant for the crushing up of the rock. From twenty to fifty men are to be put to work immediately. The base of cement rock is said to be of fine quality and it is expected that the good effects of the establishment of the industry will be felt immediately.

THE STOCK EXCHANGE.

There was a meeting of the stockholders of the First National and Home Savings banks of this city, and of the Farmers National Bank held yesterday to elect officers, the choice of a president being necessary to take the place of the late John Carne, who established these institutions and who was at the head of the bank.

Judge P. W. Ewing, who has been associated with Mr. Carne as the vice-president of the First National, was chosen as the president, while Adolfo Camarillo was chosen vice-president. Edgar W. Carne was selected for cashier.

SANTA ANA BRIEFS.

At the annual election of directors of the Chamber of Commerce held yesterday, the following business men were chosen: R. J. Blew, W. M. Scott, C. E. Parker, R. M. Davis, W. A. Huff, Robert McFadden, Thomas McKee, Ed Todd and George A. Edgar.

A suit for divorce was filed today by Minnie M. Bentz of Anaheim against Ernest L. Bentz.

The Santa Ana Merchants' Association is making plans for the entertainment of the Chicago Merchants' and Manufacturers' Association which is coming to the city on a trip of inspection and pleasure. The local association will give the visitors a public reception and a drive about the valley.

There is shortly to be a change in the office of the County Clerk of this county. Deputy Clerk Tom Bonker will resign to take up the practice of law with ex-Judge Williams. Clerk Farrand will probably appoint Jay Knox of Santa Paula in place of Mr. Bonker.

How I Cure Weak, Puny Men
And Make Physical Giants of Pygmies
There is one thing I notice in all my patients: The loss of vital power. They have weak hearts, weak lungs, weak nerves, weak muscles, weak bones, weak blood, weak digestion, weak assimilation, weak vitality. I will make him as vigorous in every respect as any man of his age. I will cure him with my new improved Belt, the result of many years of study. I will cure any case of weakness.

Or I Will Forfeit \$1000 in Gold
This is no idle boast. I talk straight from the shoulder and back up anything I say. With some men, who have spent every cent they have ever made, I have promised everything. It is not enough for me to say, "I can cure you." Others will make him as vigorous in every respect as any man of his age. I will cure him with my new improved Belt, the result of many years of study. I will cure any case of weakness.

TO THE INVESTOR:
Not the Speculator.

When looking for an investment, safe, sound and solid, never buy luxuries, but put your money into actual necessities of life. The greatest of these necessities is food. The best, the greatest essential among foods, is beef.

Moral: BUY BEEF.

If you cannot buy a great cattle ranch, buy an interest in one, choosing always a COMPANY WHICH OWNS THE LAND it occupies and uses; insist that it shall be close to a large and profitable market; where shipments may be made any day in the year, where the cattle may be brought to market in the best possible condition, and where advantage may at once be taken of a favorable market. Choose a company with substantial, profit-making assets, and which has no debts.

All cattle do not look alike to the discriminating investor. Some breeds make better beef and more beef than others. Some are better range cattle than others. It is generally conceded that Herefords are the best beef and range cattle in existence today.

Independence of railroad monopoly and extortionate freight charges is another important feature. Select, if possible, in choosing your investment, a property from which cattle can be sent to market on foot, yet not so far away that their condition will be impaired.

The enterprise you invest in should be an established one, which has proved successful from an investment-point of view. The land should have plenty of water; there should be pipe lines, camps, corrals, horses and everything else essential to a well appointed cattle ranch.

It is well, too, to take into consideration future as well as present conditions. Assure yourself that the property of the company will advance in value rather than deteriorate; that its land holdings are located directly in the path of advancing values. This is a very important factor in Southern California, especially around Los Angeles, where land for grazing purposes is becoming scarcer every year.

See that your company has a market where the demand for its product is sure to grow—where population and business are sure to increase.

If possible, be in a position to investigate for yourself the property and conditions in which you are asked to invest. If the company is a safe, reliable one it will be glad to have its stockholders manifest a personal interest in physical conditions and commercial possibilities.

Another very important factor to be considered is the climate. In the middle west a loss of from 10 to 20 per cent. from blizzards, drouths and other calamities is expected; often the entire profits of the cattlemen are wiped out, if, indeed, worse does not happen. The climate of Southern California is exceptionally favorable for cattle raising.

With these conditions and stipulations successfully met, you need have no hesitancy in investing your capital. You will make money. Such a company is the

American-Mexican Cattle Co.
of Los Angeles, which is capitalized for \$250,000 in shares of \$100 each. The holdings of the company are in the Antelope Valley, Los Angeles County, eighteen miles from Lancaster. They consist of 12,000 acres of grazing land under three wire fence, with plenty of water, 1800 head of Hereford cattle, 12 miles of water pipe line, ponies, camp, corrals, barns, etc., valued at a conservative estimate at \$175,000 or \$70 a share.

We have bought 1000 shares of this stock, the entire issue offered the public, and now offer 700 shares to our clients at

\$50 PER SHARE

which is a DISCOUNT OF \$20.00 PER SHARE ON ITS ACTUAL WORTH, based on the assets of the Company.

The present earnings will enable the Company to pay dividends of at least FIVE PER CENT. on par value, which is TEN PER CENT. on the present price.

We are confident that the stock will speedily show a much higher market value; in fact, it would today sell at a higher price did we but ask it. By purchasing the entire offering at one time we secured it at a price that enables us to give our clients the benefit of a big discount. Call on or address

January Cleanup Sale

We are now in the midst of a busy merchandising week, for our Cleanup Sale offerings this year are better than ever. There is not an article for household or personal uses that is not to be found in this big store at prices that cannot be duplicated elsewhere. The odd lots and broken lines of merchandise are particularly low-priced—in many cases below the actual cost of production; but as our buyers will begin going east for the spring goods in a few days, every department is interested in making a big cleanup showing.
